

THE SUCCESSFUL BUSINESS TOOL KIT

Congratulations on becoming an Entrepreneur!

We at Burke & Schindler have over 25 years experience working with entrepreneurs. We currently serve over 250 corporate clients ranging from start-ups like yours to hundred million dollar companies. We helped start a vast majority of these businesses and understand that all new businesses face the same challenges:

- **Entity Selection: S-Corp, LLC or C-Corp?**
- **Determining Cash Needs and Capital Expenditures**
- **Creating Pro-Forma Financials and Sales Projections**
- **Finding Financing from a Bank, Family or Friends**
- **Deciding Whether or Not to Take on a Partner**

In our experience, business is a lot like weekend golf. The companies that make the fewest mistakes generally win. If you are experiencing any of these challenges, Don't Worry. We will give you a call.
